And the girl that I'm still dreaming of is stepping with another guy
C G F C/G
In the dance floor in the centre of the room

G
And the record that they're dancing to is the one we used to dance to
C G
I caught her smiling out the corner of her eye

Bb Am
It's not getting any easier, oh, it's just getting harder
Bb Am
It's not getting any easier, as these months go by

G
You can tell that I've been drinking but it's not as much as yesterday
C G F
And not near enough to get you out of my mind
C/G G
I don't know why you keep inviting me or why I keep on coming

But I just can't find the strength to turn you down

Bb Am
It's not getting any easier, oh, Lord, it's just getting harder

But I just can't figure how it all went wrong

There's no one to replace you and you know that I've been trying
C G
It's as if you don't want to let me let you go

Is this the way you're trying to show me that there isn't any hope for us
C G F C/G
That you never really needed me at all?

Can you not admit you miss me, that you need to have me near you?

Are you hurting just as much as me inside?
